Winning Attitude

Too busy preparing for victory. Ask defeat to come some other day!

Ask troubles to come some other day. Am too busy troubling troubles today.

I am born to seek answers. I am born to ask questions. What? Fear of hell? I don’t care.

A thousand pigs can kill a lion, but they cannot convert him into a pig.

I am not a hard-liner. Its just that my intellect is not fuzzy.

Don’t teach me revenge is bad. Follow it when I slap you.

My biggest problem is my inability to crib about problem when I know the solution.

Many hate me because I extend their own logics outside their comfort zones.

Ability to see future is more often a bane than blessing. I pray I see only what I can change.

I do not harm innocents. But I do not tolerate rascals.

Wise said, “Never discuss religion and politics.” I ignored and am hated by those who were writing poems on me yesterday!

I enjoy what I do. And the rest is worse than torture for me.

They say success is not achieved on ground, you need to fly. Doesn’ t matter. I am not in mood to crawl either.

Warrior Spirit

Let Man Singh play masterstrokes. I play with the heads of violent invaders.

One who doesn’t surrender before its vices makes the tyrants surrender before him.

External pressure can only change my strategy but not the cause I fight for.

Strongest arms are those that can defend the weakest. A strongest mind is one that can feel what the mind of the weakest feels.

Change yourself when people are right. Change people when you are right.

Best time to give your best doesn’t coincide with best of your times. Just fight, no matter how worst the situations are.

Fight for what you believe in. Because if you don’t, soon you will be forced to believe something else.

Let the innocents know you by love. Let the tyrants know you by strength.

Most let their soul die to save their life. But few let their life go to save their soul. These few create history and are remembered forever.

Fire in the heart for achieving greatness, truly lightens the dark path of life.

Not all situations can be best for us. But we can be best in all situations.

Sometimes you get into troubles because you know more!

The best rescuer of your life is standing in front of your mirror.

Harsh Reality

False notion of non-violence
is impotency in disguise.
[Virta Parmo Dharma:]

Don’t waste time arguing violent ideology. Just curb it violently. And do justice to humanity.

If enemy is strong, be lethal
If enemy starts the war, you end it.

Whenever intolerance is dealt with tolerance, know that latter will be dealt with former somewhere soon.

Non-violence is best thing to do to those who believe in same. It is worst thing to do those who don’t.

Whenever intolerance is dealt with tolerance, know that destruction is near.

O warrior king! Your sword should be thin enough to chop demons. Your shield should be thick enough to protect weak.
~ Rigveda

There are some whom you have to love, some whom you have to change and some whom you have to fight. Act wisely.

When a community tolerate the intolerance for too long, it becomes like football. It will be kicked until intolerants achieve their goal.

Two eyes for an eyelash ensures that you see better than enemy.

History

To say Mughals ruled India for centuries is exactly like saying Ajmal Kasab ruled Mumbai for 48 hours.

To revive true history is our national duty.

If we do not try to know our past, our enemies will write our future.

Why read history, why not create it?

If you destroy history, history will destroy you.

If a history book does not fill your heart with resolve and pushes you for action, better throw it in dustbin.
There are more entertaining ways to lose potency.

Analysts are good at writing history. Doers are good at creating it. Join the second pool. There is less competition

Two wrongs never make a right. But lamenting one wrong and ignoring another wrong makes a third - much bigger - wrong.

India has many Heroes who created our future but are not found in history.

Future will be mirror image of past if you don’t change your behaviour in present. Learn from history.

Nation Building

It is called wisdom to attack our enemies first if they are dangerous to our existence. Or we should celebrate our stupidity and die.

Anti-nationals and bigots have little concern about society as a whole and all they look for is their own racial superiority.

If one side keeps hating the other, survival of the other is ensured by bigger hate for hatred. Gandhi Ji ke Bandar dont help.

Secularism — imposed by the crooks and for the timid — turns history into mythology and mythology into history.

When peace is a result of justice it is sign of Valor. When peace is a result of tolerance it is sign of cowardice.

Non-violence towards the enemies of the nation is the highest form of violence towards the nation!

A country that prides in worshipping criminals is bound to be destroyed.

Vidur advised Dhritrashtra to kill Duryodhan as soon as he was born. And we gifted land and money to Pakistan.

Bal Thackerey was a prophet when he declared Militant Hinduism to be only option left.

An honest Anti-Superstition Bill will mean certain western religions are banned for demanding blind belief in unbelievable.

It’s not that we didn’t love life. It’s just that we loved motherland more than life. - A true nationalist

Let go of urge to dig out old wealth. Invest energy in creating new wealth. Nation will transform.

India is secular. But its enemies on borders & within are not. Secularism is a theoretical concept taken seriously at wrong time.

You don’t change religion if a casteist fights you just like you don’t change Daddy if your moron brother fights you.

If society doesn’t realize
that it is tolerating injustice
and terrorism, it won’t
realize when it becomes slave.

Secularism without nationalism will give us a country fragmented by communism.

India is not Poor country,
India is Poorly Managed
country.

The crimes committed to generate poverty in the nation are far more punishable than the crimes committed out of poverty.

Dalits are Kshatriyas of Hinduism like any other martial group in Dharma. They’ ve been proving it from Maharana Pratap’ s time till today.

India is secular is biggest lie.
Only Hindus are.

Don’t be a burden. Be a gift to nation.

If we had made Maharana Pratap “Father of the Nation”, we would have been dominating instead of tolerating.

If you don’t fight for freedom then, you have no right to mourn about being slave!

To go for Hunger strike to resolve any issue is like fighting with your enemies by committing suicide.

Appeasement is only possible when religious minority is more powerful than majority.

When cults have been established instead of Dharma, India started becoming slave from intellectual powerhouse.

If you know your enemy, you are in trouble. If you don’t know your enemy, then you are dead.

When country’s leaders become too much tolerant, public becomes the victim.

Being intolerant race is better than becoming extinct race.

Protection of Dharma

Only knowledge of Dharma is not enough. We must know how to protect it.

We should not be religious fanatics. But we must be strong enough to trash them.

Be the sword of Dharma.
Eeshvar will be your shield.
Dharmo Rakshati Rakshitah.

Truth is not enough. You need power to establish and protect Dharma.

Dark Humuor

All religions are peaceful,
except the one which claims
to be the most peaceful.

Do not ask if terror has religion. Ask which religion terrorists follow. You will get the quick answer.

Profit = Loss.
This equation holds key to
solve all problems in world.

Blame your God for gifting me a brain that is too evolved to be seduced by virgins of Paradise.

Blind belief devoid of reason is only a recipe to nurture terrorists.

If Akbar was great, IS*S chief Baghdadi is Allah! If you worship cockroaches, be prepared to die of dirty diseases.

If your God burns me in hell forever because I didn’t follow His religion, there is no difference between Him and a terrorist.

Your God accepts defeat the moment he creates hell for Kafirs like me. Had he been omnipotent, he would have changed my mind.

Violence is not good or bad. Intent is. Someone fighting for motherland is called soldier. Someone fighting for 72 virgins is called pig.

If your God has created hell for unbelievers, you are bound to make others' lives hell on Earth. And we will make sure yours becomes worse than hell.

Islamic terrorism is not a problem. Our denial of Islamic terrorism is the real problem.

I hate Dark Comedy. But we deny cause of terror. And this is the only humour left.

True Muslim is one whom Allah Himself told that Muhammad (SAW) is the last Prophet. Everyone else must be lying.

Either be as peaceful as peacefuls or violence will kill you.

Religion which can’t allow you to use your brain, will use you to make this earth hell.

Illogical faiths start at blind belief and terminate at silence or in most cases violence.

Subject of Statistics must be banned for being communal. It shows 99 percent most wanted terrorists in world are peaceful.

Heaven lies under mother’s feet. Thus no Son on earth can go to hell because every Son has Mother and every Mother has feet!

If you want to be a non-performer without guilt, start believing that idol worship is a sin. If you don't want to waste your life, stay away from such groups.

An idol-hating Hindu is like a tiny barking pug. More he barks, more you are scared to not trample him in a moment of distraction.

Divine book should assert that blind belief is cause of miseries and hence even that book should not be believed blindly.

A religion which claims to get us all in heaven is the one making this earth hell.

About Agniveer

Agniveer was founded by Shri Sanjeev Newar, an IIT-IIM professional, data scientist, and Yogi to provide a solution-oriented, spiritually driven, and honest approach to improving the world - within and outside an individual. Agniveer specializes in practical applications of timeless wisdom of Vedas, Geeta, and Yoga to address the contemporary challenges of life. Thousands of testimonials of transformation - from people who were on verge of committing suicide, fighting depression, confused about life, directionless, unable to address social injustice around - attest the massive change it has been able to bring.

Agniveer takes credit in bringing several ignored, uncomfortable but critical issues to public attention. Agniveer is the leading advocate of social equality in India and pioneer of 'Dalit Yajna' initiative to break caste and gender barriers. Agniveer spearheaded the Muslim women rights campaign facing severe backlash from conservative and fanatic elements. Yet, it was successful in bringing details of disgusting practices like Halala, sex-slavery, polygamy, triple talaq and love jihad to limelight and evolving a consensus against them. Agniveer women helpline deals with such cases and has brought many smiles.

Agniveer also introduced the concept of unarmed

combat workshops across sensitive parts of country to create a skilled team that is able to defend vulnerable from criminals. Agniveer is a prominent champion of de-radicalization and has brought innumerable youth to join the mainstream path. Agniveer' s narrative on history has created a significant momentum to question the authenticity of populist history taught out of political compulsions.

Agniveer has published several books on social equality, caste equality, gender equality, human rights, the controversial religious rights and history, apart from books on self-help, Yoga, Hinduism, and life-hacks. Readers appreciate the books for straightforward, original, solution-oriented, practical, fresh, and mind-bending experience.

Everyone keen to live a meaningful life to fullest is welcome to join or support Agniveer mission.
